SUMMARY

Motivated Computer Science and Engineering student specializing in frontend web development with hands-on experience in building dynamic and responsive interfaces using React, Tailwind CSS, and Axios. Actively practicing Data Structures and Algorithms (DSA) to strengthen problem-solving skills and technical proficiency. Exploring data science to broaden expertise in analyzing and interpreting data for meaningful insights.

SKILLS

Programming Languages: Java, Python, Data Structures and Algorithm

Libraries/Framework: React JS, Tailwind CSS, Pandas, NumPy, Matplotlib

Tools/Platforms: HTML, CSS, Javascript, Visual Studio Code, Jupyter Notebook, Word, PowerPoint

Databases: SQL

Soft Skills: Effective Communication, Team Collaboration, Problem Solving, Strategic Vision

EXPERIENCE

Orangebits Software Technologies (India) Pvt Ltd

Frontend Web Developer | Intern

24 August 2024 – Current | Online

- Development of a School Management Project.
- Created dynamic website pages for project and made use of APIs for integration
- Collaborated on the integration of Java-based APIs.
- Solidified strong working relationships with peers and higher-ups.
- Set specific goals for projects to measure progress and evaluate results.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University

Bachelor in Computer Science and Engineering – 8.5/10

Ghaziabad, Uttar Pradesh

2022-Present

Dewan Public School

XII (CBSE) - 95.6%

X (CBSE) - 91.1%

Hapur, Uttar Pradesh

PROJECTS

Expense Manager [Deployed Link](#) [GitHub](#)

College Project

- Used React and Appwrite services to create an expense manager website for a college project.
- A user-friendly tool for seamlessly tracking and managing expenses. The app provides a responsive and secure platform with features like easy expense input and budgeting.

Tech Stacks: React, Appwrite Services, Tailwind CSS

Movie Recommendation System [GitHub](#)

College Project

- APIs Integration and React to make the website.
- It dynamically fetches movie data, providing real-time information on titles, genres, and ratings.
- **Tech Stacks:** React, API integration, CSS

ACHIEVEMENTS AND ACTIVITIES

Team Leader and Participated in Smart India Hackathon 2023

Sep 2023

Secured 7th Position in HackHound 2.0 Hackathon 2024

April 2024

Open Source

Hacktoberfest

October 2023

GirlScript Summer of Code - Got Adventure Badge

May 2024
